

# EUROPEAN VOLUNTEER PROJECT

**Ambassador for international mobility, culture and sport.**

In Mission Locale of Fougères, a town with character, near Rennes, in Brittany.

From the 09/15/2024 to the 07/17/2025

The Mission Locale de Fougères supports more than 1,000 young people in its territory. These young people are between the ages of 16 and 25, no longer in school. Those young people seem more vulnerable as they are often less qualified and more distant from sustainable employment. The Mission Locale has many different offers and domains to support them in finding their way. The European volunteer will intervene alongside the project manager who works in the field of local and international mobility. In connection with other volunteers in Civic Service, he or she will be led to:

- promote local and international mobility and participate in the preparation of mobility projects (holidays, internships, jobs, volunteering...)
- support young people during and after their projects abroad (editing of personal 'portraits' regular check-up with young people abroad...)
- organise and take part in activities for young people at the Mission Locale (sports, cultural activities, handcraft, trips, events, ...)
- Participate to a collectiv project with other volunteers

## Accommodations and Trainings

The volunteer will be accommodated in a colocation in Fougères. A single room and shared bathroom and kitchen will be provided. The volunteer will receive pocket money plus money for covering the food expenses. The international travel expenses will be reimbursed on the basis defined by the European Commission. Regarding transport arrangement, bicycles will be available, and a monthly bus transport card (Fougères-Rennes) will also be provided.

The volunteer will take part in an on-arrival training and mid-term evaluation organised by the National Agency. Additionally, the Mission locale works with the youth centres in Fougères and the Social Centre, which offer leisure activities for young people. The volunteer will participate if he/she wishes. Our city has a rich associative sports and cultural fabric, depending on the interests of the youth, a membership will be realized.

No special prerequisites or skills are required for the volunteer the Mission Locale we wish to host. We want to focus on the wishes and interests of the volunteer to enable him/her to develop new skills during his/her volunteering. We will evaluate the meaning of this European mobility experience in connection with the youth's life (social and professional) project. We would like to recruit a volunteer who has an open mind, is attentive and dynamic and has an interest in animation and social intervention.
